ACTION TAKEN REPORT

INSTITUTION EVALUATION BY STUDENTS 2015-2016

A report of the Institution evaluation by students of the college was submitted to the IQAC as well as to the Academic Council. While vast majority (79%) of the students felt that the general academic atmosphere of the college was good or excellent, more than 90% of them are happy with the teacher guidance in academic activities. The students were also satisfied with the conduct of the internal examinations. The IQAC and council felt that the issue of improving student participation in the class has been addressed in earlier year and has been solved to a major extent, but still 15% of the respondents felt that it has to be improved. Majority of the students felt that the library facilities are good, whereas some are of the opinion that the library facilities need to be improved. Majority of the students felt that the laboratory facilities are good. More than 80% students are happy with the faculty involvement in curricular activities including quality of teaching materials and ICT enabled teaching. The dissatisfaction of the students over the functioning of the office has already been conveyed to the management but a government decision on this issue is awaited. Only less than 15% of the students were not sure about their chances of going for higher education. Since several students also expressed the need for more organizing seminars, it was recommended to the council that each department should organize more seminars in future.
