# Action Taken Report

## Course Evaluation by Students 2016-2017

Based on the feedback reviewed from students, we have taken some actions against the suggestions received from students. Suggestions received from students were discussed among the faculty members and faculty was advised to take necessary steps for improvement. More than 85% have the opinion that they will be able to apply what they learned for their future tasks. Only 10% have neutral opinion, for them we are arranging remedial classes and student support programme. Majority have the opinion that the academic content of the course satisfies the objectives and that the course includes adequate theory, practice, background and the resource materials were useful during the class. More than 85% have the opinion that the course content was excellent so it was decided that we should consider all the feedback output and improve as much as possible.
